Why Napoleon®?

Making your life easier... Napoleon® gas stoves are designed to provide you absolute comfort and control at the touch of your fingertips. It’s that easy. When you install a Napoleon® gas stove, you can rest assured that you will enjoy a lifetime of instant ambiance with reliable performance year after year.

An investment you can count on... Your new Napoleon® gas stove adds value to your home while at the same time giving you uncompromising comfort and a reliable heating source.

Create your personal design statement... Surround yourself with a home environment that makes you feel good, relaxed and proud to reflect your decorating style. A multitude of designer options are available to create the exact statement you have been looking for.

Highest efficiencies, maximum comfort... Years of research, design and testing have enhanced optimum performance allowing Napoleon® products to achieve some of the highest heater rating efficiencies on the market. Napoleon® continuously surpasses industry standards not only in appearance but in efficiency and performance.

Beautiful fires, best flame in the industry... With advanced burner technology and innovative design, Napoleon’s flame and exclusive PHAZER® log sets are so realistic it’s hard to tell the difference from a real wood burning fire.

No power? No problem!... We all feel vulnerable when the power goes out. Now you can weather out the storm in the comfort of your own home! A Napoleon® gas stove requires no electricity to light or operate, a built-in millivolt system or electronic ignition with battery back-up ensures reliability even during power failures.

Authorized dealer support network... With over 3,000 reputable authorized dealers across North America, Napoleon® works hard to provide professional, consistent training and technical education to support our dedicated team of professionals.

Outstanding reliable warranty... Each and every Napoleon® gas stove is designed and manufactured to strict quality testing standards and backed by the President’s Limited Lifetime Warranty, guaranteed to give you the solid performance you deserve. Napoleon® is registered under the world recognized ISO 9001-2008 quality systems.
GDS20 - The Arlington™
Compact in Size - Huge in Style

The Arlington™ cast iron gas stove, with its slender, space saving design and 45° venting, is perfect for smaller rooms. The GDS20 is available in painted black or a porcelain enamel Majolica brown finishes and comes standard with a MIRRO-FLAME™ Porcelain Reflective Radiant Panel. Even though small in size, it holds a large PHAZERAMIC™ burner system, PHAZER® log set and brightly glowing ember bed that can be viewed through the European styled ceramic glass viewing area.

GDS20
Up to 20,000 BTU's
50% flame/heat adjustment
19 ¼"w x 25 ¾"h as shown
Natural gas or propane

For more detailed specifications on this unit, see page 18

Options & Accessories

*Refer to options & accessories section on page 17 for more details
Optional Stove Top Insets

Three colour options
(natural stone - will have variances in colour and pattern)
GDS25 - The Bayfield™
Your Choice of Four Designer Colours

The Bayfield™ cast iron stove comes in four designer colours that will look great in any home or cottage. The built-in secondary heat exchanger provides excellent heating efficiency and heat retention. Other features include a cost saving electronic ignition with battery back-up, 50% flame/heat adjustment, ceramic glass and an exclusive NIGHT LIGHT™ which creates a warm glow even when the stove is not on.

GDS25
Up to 24,500 BTU’s
50% flame/heat adjustment
23 ½”w x 25 ¾”h as shown
Natural gas or propane

**GDS28**

Dynamic Design, Environmentally Friendly Technology

Good things do come in small packages! If you have limited space but still desire the beauty and convenience of a gas stove... the GDS28 is the answer! The GDS28 offers many benefits – a built-in blower, easily accessible control panel, solid body construction, a triple flame burner and a PHAZER® log set with glowing embers creating a beautiful display of YELLOW DANCING FLAMES®. Offering a variable heat range, as high as 30,000 BTU’s, this stove may be compact in stature, but not in power!

**GDS28**

Up to 30,000 BTU’s
50% flame/heat adjustment
22 ½”w x 26 ¾”h as shown

Outstanding Features
of Napoleon’s Advanced Technology

Advanced Burner Technology
Napoleon’s sophisticated burner system offers superior flame technology. Strategically placed burner ports create the most realistic flames in the industry.

Finely Tuned Precision Valves
Surrounded with a protective cast aluminum jacket, the precision valves allow for ultimate reliability and 100% SAFE GUARD™ gas control system.

Minimum 30% savings on heating costs with Zone Heating
Zone Heating means you are heating the rooms that you use the most with an alternate heat source, like a Napoleon® gas stove. Zone Heating is the obvious solution for families concerned about rising fuel costs.

Outstanding Craftsmanship
Napoleon’s distinctive porcelain enamel is baked onto cast iron at 1800 °F to give you a deep, lustrous, scratch resistant and easy to clean surface. Majolica is a unique double porcelainizing process offering a rich, luxurious, long lasting finish.

High Heat Ceramic Glass
Unlike tempered glass, ceramic glass is made to withstand extreme high temperatures, allowing maximum radiant heat performance and safety.

24 Karat Gold Plated Finish

Exclusive NIGHT LIGHT™
The exclusive ceramic glass NIGHT LIGHT illuminates the decorative firebox even when the stove is not operating.

WHISPER QUIET™ Heat Circulating Blower System
The extreme heat resistant “H” class bearings featured in Napoleon’s superior heat circulating blower, creates a lasting “whole home” comfort with adjustable high & low speeds.

B-Vent Adapter Kits
Already have a chimney? No problem! The direct vent stove easily converts into a convenient B-Vent using Napoleon’s exclusive B-Vent Adapter kit, including a standard built-in safety spill switch with automatic reset.

Andirons
Designed to stand in front of the logs and give the optimum traditional masonry look and feel.

Convenient Remote Controls
Napoleon’s remotes with digital read out and thermostatic control give you the comfort level you need at the touch of a button.
